 Whiter Smile at TanStand.
 TEXT:

BALTIMORE, May 19 /PRNewswire/ -- Take part in the newest trend this summer by %tanning% your way to a whiter smile at TanStand, a chain of high-end %tanning% salons that feature stand-up %tanning% booths and Mystic %Tan% - the latest in streak-free, spray-on %tan%.

TanStand salons are now offering Hollywood Whites %teeth% %whitening% system, giving clients one more way to look their best - %tanning% their skin and %whitening% their %teeth% with "one-stop shopping." The Hollywood Whites system activates while you %tan% and is completed during five 8-minute %tanning% sessions. Hollywood Whites is being compared to the Zoom %Whitening% System and contains twice the peroxide level of Crest White Strips. A set of Hollywood Whites (5 applications and %mouth% piece) costs under \$30, compared to more than \$200 for the average Zoom sessions.

TanStand offers a cleaner, drier, and faster alternative to traditional %tanning% salons. Clients stand in a high-tech %tanning% booth - no need to lie down - with %tanning% bulbs surrounding them 360 degrees, fans keeping them cooler and drier, with surround sound music further enhancing the experience. The result is an even, all-around %tan% in an enjoyable and comfortable environment.

Hollywood Whites is offered at all six TanStand locations...

...Hall, Hunt Valley, Ellicott City, and Columbia.

ABOUT TANSTAND(TM)

Home of the 8-minute %tan%, TanStand offers stand-up %tanning% at their six locations in the Greater Baltimore area, including Severna Park, Timonium, Perry Hall, Hunt Valley, Ellicott City, and Columbia. TanStand provides the fastest and most efficient all-around %tanning% experience possible in a cleaner, drier environment. MysticTan, the newest spray-on %tan% - as seen on a recent episode of Friends - is now available at the Timonium and...

...will soon be available in all six TanStand salons.

ABOUT HOLLYWOOD WHITES(TM)

Hollywood Whites %teeth% %whitening% system uses the highest quality, 21% carbamide peroxide gel which is blended to the ideal...

...stay in place. Since the gel is only applied to the visible surface of the %teeth%, sensitivity problems are drastically reduced. Unlike uncomfortable %bleaching% trays, Hollywood Whites' %mouthpiece% is ergonomically designed with a unique bite strip. Each set of Hollywood Whites includes five applications to complete while %tanning%. For more information, call 800-509-4505, or visit <http://www.hollywood-whites.com/>.
